Agree. You could take the intercounty connector over to 95 and go from there.

I live in Rockville, so it may be easier if I just drive directly there on my own.

That's a good idea to arrange a tour for more people when they are available. We will plan on only going to [Ex. 6 Personal Privacy (PP)] on May 16. No word on transport yet. I will probably drive myself, but the OLEM people are in northern Virginia and might be able to work out something.

Mike, where would you be able to meet them? I can just exchange e:mails with you and them, too, and you can try to work out something.

Jackie,

I talked to Mike. For May 16, he'll go to the [Ex. 6 Personal Privacy (PP)] facility, but this time CPSC will pass on the [Ex. 6 Personal Privacy (PP)] facility. So, it sounds like we can cancel the [Ex. 6 Personal Privacy (PP)] tour all together. We might try to arrange with [Ex. 6 Personal Privacy (PP)] for another trip to the [Ex. 6 Personal Privacy (PP)] facility when more CPSC people are available.

If EPA & CDC folks are taking a bus or some group transport to [Ex. 6 Personal Privacy (PP)] might there be a seat available for Mike?

Thanks,  
-Eric

Thanks. He may be going alone. EPA isn't interested, not sure about CDC. If that's ok with him, it's ok with us.

I'm sorry. Yes, I think he intends to go to [Ex. 6 Personal Privacy (PP)]. I'll verify when he gets in today. He usually arrives around 10:00.

Sounds good, and thanks. One down, who knows how many more to go. Haven't heard back from Michael Babich on whether or not he wants to tour [Ex. 6 Personal Privacy (PP)]. I won't go there in any case. But it would be good to know if he wants to go.

Have a good time off.

Thank you, Jackie! That's what I needed. I'll see you Thursday of next week.  
I'll share this with Dr. Orland, who will be joining me (he'll also be arriving separately).

Did I send you the information? There is so much going on. The tour is from 1 – 3:30 on May 12. Locations are:

## Ex. 6 Personal Privacy (PP)

[Ex. 6 Personal Privacy (PP)] is the corporate headquarters and the beginning of the process. There the whole tires are received, graded, and shredded. One of the products made there is shipped to the [Ex. 6 Personal Privacy (PP)] where we make it into rubber mulch and crumb rubber.

Can you please share this information with the other CPSC person who will attend? Thanks.

Thanks, Jackie. Sorry if this has been confusing. So, to clarify, Mike Babich will be going in my place to the [Ex. 6 Personal Privacy (PP)] fire crumb facilities on May 16.

I look forward to joining you for the [Ex. 6 Personal Privacy (PP)] next week, May 12. Can you send me the time and location details? I think it'll be easier for me to get to [Ex. 6 Personal Privacy (PP)] from home than from the office that day.

Yes, the [Ex. 6 Personal Privacy (PP)] makes playground surfaces. See the website for more information:

Mike,  
I think the [Ex. 6 Personal Privacy (PP)] plant makes playground surfaces, which is why whether the tour went there depended on CPSC's participation.

We are confirmed for May 16<sup>th</sup> at [Ex. 6 Personal Privacy (PP)]. We will start at the [Ex. 6 Personal Privacy (PP)] facility. So, let me know soon if you all want to participate, and if so, if you want to add the [Ex. 6 Personal Privacy (PP)] plant as a second stop. Deciding whether CPSC will participate will likely affect the timing of the morning tour so we should try to determine if CPSC will come or not.

Thanks.

Jackie
